Subject: In case you are checking e-mails this weekend...I have three questions

Diana:

Here they are:

1. Do you know which comments were sent to the SACC? I know many are not yet publicly available on the docket website.
There are 75 comments received by the docket. 27 have been posted by regulations.gov. We downloaded the comments by FDMS and shared with SACC. I thought you said you have FDMS access.
2. Can you send me the list of public commenters?
Our contractor has prepared a table of public comments by charge questions. I can share that with you. (see attached) Please note she labeled the worksheet as TCE from a previous review. But the table is for asbestos.
3. Do you want to be on the Asbestos Team Microsoft Team chat I set up? Or shall we chat using the webex function?
No. It may not be appropriate. Thanks.

I am sure I will have other questions as I proceed....thanks for all your help!
